Objective

Eager Biotechnology graduate seeking a Food Research Assistant role at NIZO food research company. Leveraging academic expertise in biotechnology and a hands-on approach, I am dedicated to supporting and advancing food research initiatives within a dynamic team environment.

About Me

Recent Biotechnology graduate with a BSc (Hons), passionate about applying scientific knowledge to real-world challenges, particularly in the field of food research. Detail-oriented and collaborative, I bring a strong academic foundation and enthusiasm for contributing to impactful projects in the food industry.

Experience

Genetech Lanka Pvt Ltd (2027 -2028)

Food Researcher at Genetech Lanka Pvt Ltd.

John Keells Research (2026 - 2027)
